

Creative Together Service Exchange Program

Overview of Program

Creative Together LLC strives to provide opportunities for families to participate in Music Together® classes while considering their various financial needs. The Creative Together Service Exchange Program offers families a discounted rate for their class tuition in exchange for their participation in an activity that services the company.

The goal of the program is to provide families an opportunity to register for classes within their means while promoting connection and service with the company and surrounding community. If your family is able to enroll at full tuition, please do. This service exchange program is an option meant for families who truly cannot pay the full price.

Exchange Rates and Activities

This program allows families to pay a reduced tuition in exchange for completing an activity in service of Creative Together LLC. For every task/activity that you participate in, you will receive a 10% discount. Participants of this program are allowed to do **two activities maximum per semester** and must **complete the activities by the negotiated date that the director set** within the semester that the discount will be applied to.

This program has limited capacity each semester. Due to the limited spots in this program please apply early as it is first come first serve.

All applications for this program will be reviewed by the director. Once your request is approved the director will reach out to you with instructions and a due date of when all your tasks must be completed.

Participants of the exchange program must pay the discounted tuition rate in order to reserve their spot in the class. **If families do not complete the task(s) by the date that the director has set, the remainder of the regular rate of enrollment will be due by the next class.**

A chart of discounts in correlation to the number activities are below:

Activities per semester	Discount amount	Dollar amount discount
One	10%	\$30
Two	20%	\$60

Task(s) choices to complete in exchange for a discount:

- Distributing and displaying/posting printed marketing materials.
- Assisting with cleaning instruments at the beginning/end of the semester.
- Assisting with preparing take home materials for registered families.
- Providing testimonials for the website, flyers, or promotional materials.
- Assisting with pre-production and clean-up before and after a class party or parent-education event.

*Please note that the amount of activities offered for the Service Exchange Program may vary for shorter semesters (i.e. eight or four weeks of class). Please check with the director to confirm the discounts offered through the exchange program.

NOTE: If your family needs additional financial aid towards class tuition or do not have means to complete service tasks for this program, please reach out to the director to discuss further options. Any special agreements reached must be confidential. Thank you!
